Teeth without a Plate

Is the greatest boon of modern times. I wish you could understand the difference between having teeth with a plate and teeth without a plate. One is firm, comfortable and lasts a lifetime. The other covers the roof of your mouth, destroys the best part of the taste. One never falls down; the other often does.

Where it is necessary to wear a plate, DR. SYDLEMAN will make you one that will fit.

DON'T WORRY;

It Makes Wrinkles.

Worry over ill-health does your health no good, and merely causes wrinkles that make you look older than you are.

If you are sick, don't worry, but go about it to make yourself well. To do this we repeat the words of thousands of other former sufferers from womanly ills, similar to yours, when we say,

Take Viburn-O.

It is a wonderful female remedy, as you will admit if you try it. Directions for its use are printed in six languages with every bottle. Price \$1.25 at drugists.

Understood Better Each Day

The most successful business man is the one who knows every detail of his business and does not depend upon a pull for his success. Each day this is better understood. In no business is a detailed knowledge more essential than in the Building Trade. If you want an estimate on any work in my line, I'll be pleased to give you the benefit of my many years experience.
